SUPPLEMENT TO REPORT NO.

Allegedly in 1949 an opposition group within Rumania was formed under the direction of Vice-Premier Chisinevschi, Minister Lotar Radaceanu and the former State Secretary Moghicros. This group had formed because of the resistance of its members to the desire of the Soviet Union to have the satellite states attack Yugoslavia. This resistance is reported to have been ended following the personal intervention of Vishinsky, who on an unspecified date stopped in Bucharest on his way from Budapest.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
